Camping de Wereld

We have a unique opportunity for you.

This is the place where you want to experience the start of the 2nd half of 2021 with your team, where you want to celebrate your successes and where you can meet each other – out in the open air. **We promise you one thing: an unforgettable experience!!**

When in 2020 everything turned out differently than expected, Diederik called all the experience professionals and creative brains from the event world together. **As one they breathed life into "Camping de Wereld" - a true Festival campsite.** In 2021 they settle down in the midst of the watery landscapes of Zeewolde. A camp-site, or rather a festival site with 80 furnished tipi tents and yurts.

At Camping de Wereld you won't lack a thing. And as experienced world travellers we know that nothing is more important than a comfortable bed and a spacious place to call your own. **Turns out that even in a full world there is enough privacy!**

The tents are named after countries, cities or islands, all arranged for 2, 4 or 6 people. Equipped with comfortable beds, a fridge (minibar) and tables, chairs, electricity and lighting.

In total there is overnight capacity for more than 300 people. On arrival you will find your bed neatly made, flowers on the table and a bottle of water in the fridge. There is a large sanitary block on site with many showers, toilets and washing facilities. They are cleaned several times a day. **Do you sleep in Bali, Honolulu or rather in New York tonight?**

The place

Camping de Wereld is located on a secluded area of scouting estate Zeewolde. With its own entrance, parking, a World's beach and 'festival area' equipped with all the luxury facilities a 4 star resort can be jealous of.

In addition to the spacious fields with real tipi tents and yurts, there is a central place with the reception. And of course "the camping shop" where the Balinese under the watchful eye of the World leader will provide you with delicious cooled drinks. So settle down with your colleagues on the canopied terrace or relax in one of the hammocks. While the countless brightly colored flags flutter in every wind direction, you indulge in a speciality beer or cocktail and muse your way to tropical holiday destinations... **Welcome, The World is at your feet!**

The possibilities

At camping de Wereld, the boundaries fade away and the possibilities are endless, whether you want to prepare for the 2nd half of the year with your team, want to celebrate successes, organize a family day or a recruitment event for new talent or you want to invite your business relations. **There is always a good reason to go to Camping de Wereld, and one thing is for sure; you have to stay the night!**

Because every company has different needs and wishes we are happy to create a tailor-made program. We do this together with the event professionals of BINK *Specialist in corporate events.*

Sample programs

To make it easy, we have created a few sample programs to inspire you;

1. Back to Work – it starts at Camping de Wereld.

Will you also trade your attic for an office garden with your colleagues soon? But how? Do you actually know your colleagues any other than through a screen?

Let's get started at Camping de Wereld! In a relaxed atmosphere and setting you travel the world and first of all you meet your colleagues (again). We organize a number of ice-breaking activities, philosophizing about how we can efficiently and effectively return to the office. We have some choice activities in Zanzibar, Belgium and Bonaire. Seeing everyone in real life again, we are mostly just together, we meet each other and have real conversations. Jokes are made, there is laughter and no one has to go, because we are all going to stay the night. A few more dance steps in the silent disco? **The next morning we make a fresh start together and then we are ready: back to work!**

2. Your first staff party

A little uncomfortable all candidates report at Camping de Wereld that morning, for a unique recruitment event. **Now tell me, who makes a trip around the World during his job application?** After the check-in everyone gathers at the amphitheater for the opening. In the afternoon the introductory activities, speed dates and assessments are planned. At the end of the first day the first selection is already made, will you stay the night or not? In the evening there's a dinner for everyone, campfire sessions and the pub-pop quiz with crazy prizes. The next morning a number of knowledge sessions, workshops, conversations and then only one question remains: **who will have a contract to pack at the end of the day?**

3. Work hard – play hard

During a midweek you and your team stay 3 nights at Camping de Wereld. During the day everyone will be working hard (we now know that you don't have to be in the office for this), there are meetings, brainstorming sessions, workshops or trainings and colleagues will be collaborating on a project. We alternate with morning sessions – sports, yoga, meditation. We end the afternoon together in the amphitheater or on the beach. At night we will be eating and drinking together, with Worldly dishes. In the evening there are campfire concerts and theater. The last evening we close with a spectacular party with street theatre, DJs and music in the amphitheater!

Do you want to make it really special – then let's add a weekend in which we also invite all partners and children. That will be a family weekend to remember!!

Activities

At Camping de Wereld we do it all just a little different. **No standard programs, but unique activities tailored to your wishes and ideas.**

Therefore we are happy to make a tailor-made proposal. Extra entertainment, street theater or DJ?

Extra tent or shelter, your own branding and decor. Just give a shout! **Nothing is too crazy and everything is possible in the World. (Well, almost everything).**

Yoga on the beach

An ideal start to the day. Mindul yoga is yin yoga combined with mindfulness. Yin yoga is a gentle, slow, meditative form of yoga. It is a fantastic form of yoga as a counterpart to the hustle and bustle we all experience on a daily basis.

There is even a mountain bike route that runs partly through the campsite!
